

Web Developer

Waste Job - Online sinds 11 sep. 2018 - gewijzigd sinds 14 september

Functieomschrijving

As a Web Developer, you are an experienced, enthusiastic and talented individual, skilled in hands-on front-end web development. You are detail-oriented, thorough when tackling projects, comfortable communicating with a crossfunctional

team, and knowledgeable on the latest trends and in technology. You have an eye for graphic design and usability as well as for technical architecture and development, and you are able to confidently provide expert opinions

and solutions. And last but not least, you thrive in a team of dedicated people who all strive for ever better quality.

[+] designing and managing the DataMiner web front end, building dynamic websites and application prototypes

[+] thinking along as a web developer and taking the initiative

[+] using a wide range of tools and frameworks and following the tool evolution closely

[+] taking care of the look and feel of our flagship DataMiner

[+] ensuring that new web pages comply with the corporate design guidelines and standards

[+] collaborating with our creative team to showcase our brand as a member of the software R&D team

Bijlage: skyline-webdeveloper-be.pdf

Profiel

Competencies

[+] you are a creative fast learner and logical thinker who has a great passion for web development

[+] you have a natural feeling for (front-end) layout; you live in HTML, you see in CSS and you think in JavaScript

[+] you are able to test/prototype new ideas quickly in a rapid-fire and experimental environment

[+] you are customer-oriented and strive to exceed customer expectations

[+] you are stress-resistant, you are able to work independently and you demonstrate a proactive “can-do attitude”

Technical Skills

[+] experience in designing and developing web applications and a good knowledge of graphic design (usability, accessibility)

[+] practical experience with most of the following technologies:

front-end: HTML 5, AngularJS, CSS 3, JSON

back-end: excellent knowledge of ASP.Net

familiar with JavaScript and web sockets
